JOURNAL OF THE FISHERIES RESEARCH BOARD OF CANADA

The *Journal of the Fisheries Research Board of Canada* is devoted to original research papers and notes concerning aquatic organisms or environments relevant to Canada. Review articles are also welcomed; they should be timely, critical appraisals of the state of knowledge in broad areas of research. Submissions, in either English or French, are accepted without limitations as to origin, but must not have been published elsewhere or copyrighted.

Guides to authors and typists are given in each issue of the *Journal*.

The *Journal*, or one or other of its predecessors, has been published continuously since 1901. Its predecessors were: *Contributions to Canadian Biology*, 1901-1925; *Contributions to Canadian Biology and Fisheries*, 1926-1934; and *Journal of the Biological Board of Canada*, 1934-1937.

The *Journal* is published in annual volumes of twelve numbers.
